HEALTH, SAFETY AND WELLBEING POLICY

2021/22

Signed:  Chair of Governors

Date ratified: MAY 2021

Review: May 2022

This policy includes our Statement of Intent, our organisational structure of responsibilities and the methods by which we will achieve a safe working environment for Staff, pupils, visitors and other users of our site

This is the Health and Safety Policy of:
--

Talbot Specialist School

Address: Lees Hall Road, Sheffield, S8 9JP

Policy Statement

The Headteacher, Governors and staff at our School are committed to providing high standards of health and safety for all users of the School.

As a school, our educational priorities aim to:-

- encourage all students to achieve their full academic and social potential;
- provide students with the skills and experience which will ensure that the widest possible range of choices are open to them in their future lives;
- provide a sense of community in which individuals feel valued and are actively encouraged to value, respect and help others;
- create an atmosphere in which students enjoy and take pride in their achievements.

These educational and social priorities can only be fully realised within a physical environment that is both a safe and healthy place to work. This in turn can only be brought about by the dedicated co-operation of all within the school. Health and safety at this school is an area where Governors, the Headteacher, staff, safety representatives and parents share common objectives.

It is vital that we all understand each other's duties, functions and responsibilities as well as our own because it is only by the co-operation and teamwork of everyone involved that health and safety objectives in school can be achieved.

Our Health, Safety & Wellbeing Objectives

To successfully implement its statement of intent of “Taking Time” for Health, Safety & Wellbeing – our School will:-

- a) Provide and maintain a safe and healthy environment for all
- b) Ensure individual acceptance of health, safety and wellbeing as an integral part of all work activities
- c) Ensure that employees, students, visitors and others are provided with the necessary information, instruction, training and supervision to enable them to carry out their health, safety and wellbeing responsibilities
- d) Engage employees in health, safety and wellbeing matters to ensure understanding and compliance
- e) Fulfil, as a minimum, its statutory and common law duty of care
- f) Apply sensible and proportionate risk management practices to health and safety matters
- g) Aim to be in the upper quartile, both Regionally and Nationally for fewer accidents / incidents and less occupational ill health
- h) Ensure that a positive health, safety, and wellbeing culture is in place. A positive culture has three key elements:
 - working practices and rules for effectively controlling hazards
 - A positive attitude towards risk management and compliance with the control processes
 - The capacity to learn from accidents, near misses and safety performance indicators and bring about continual improvement.

This safety policy will be regularly reviewed and updated

General Responsibilities

The Governors will “Take Time” to:

- Ensure that adequate funding is provided from the school budget to enable the school to be organised and run in a safe and healthy manner.
- Deal with any health and safety problems brought to them by the Head Teacher, staff or parents, through their termly meetings or any emergency meetings, which may be called due to unforeseen circumstances.
- Ensure that the Councils Health, Safety & Wellbeing Policy is brought to the attention of all staff and implemented in school.
- Help prepare, implement and monitor a “site-specific” health and safety policy
- Confirm compliance with Statutory and Local Authority policies and procedures and monitor health and safety management within school
- Ensure that appropriate risk assessments have been carried out
- Ensure that all members of staff receive appropriate information, instruction and training.
- Ensure that the Headteacher has an appropriate workload in support of a reasonable work/life balance
- Ensure adequate consultation takes place to allow everyone to contribute to safe working. This will be done in the following way:
 - *Regular meetings of the Governors Standing Committee will be held to consider points raised from school staff*
 - *Allocate appropriate funding towards ensuring health & safety and regular maintenance of the school*
 - *Review and endorse a site specific health & safety for the school annually*
 - *Monitor CPL of all staff to ensure adequate information, instruction and training is provided.*

The Headteacher will “Take Time” to:

Headteachers have delegated responsibility for the day to day management of health, safety and wellbeing on their school site. They will Take Time to make sure that:

- Proportionate attention is given to health, safety and wellbeing and performance is monitored and reviewed periodically
- Significant risk are identifies, assessed, managed and monitored effectively
- Attend Health and Safety training courses as appropriate

- Employees have the right knowledge, skills and training to work without risk to their health, safety or wellbeing
- Employees understand and take ownership of any delegated responsibilities
- There are effective means of communication and consultation with Partners e.g. PFI providers, employees and/or their representatives and Trade Unions
- Share / communicate this Health, Safety & Wellbeing Policy with all staff
- Ensure adequate consultation and communication takes place to allow everyone to contribute to safe working. This will be done in the following way:-
 - *Regular meetings of the Governors Standing Committee will be held to consider points raised from school staff*
 - *Regular meeting of key staff including Trade Union representatives will be held to promote Health & Safety in the workplace and provide a conduit for maintaining the health, safety and wellbeing of staff, students and visitors.*
 - *Regular training to all staff in Moving and Handling*
 - *Appropriate training for staff working in the Science and Technology Room*
 - *First Aid training for designated First Aiders*
 - *Life-guard training for designated staff working in the hydrotherapy pool*

All Staff Members will “Take Time” to:

- Ensure that they are fully aware of their roles and responsibilities, co-operate with the schools policies and procedures and follow any guidance, policies and procedures issued by the Health, Safety & Wellbeing Team.
- Ensure that safe working practices are adopted at all times and comply with the findings/other outcomes of risk assessments, whether in school, on school business or on educational visits.
- Attend health and safety training courses as appropriate.
- Undertake relevant risk assessments and share findings and preventative measures with all appropriate stakeholders.
- Bring to the attention of the Headteacher information about accidents, near misses, dangerous equipment or situations which may occur whilst in school or on educational visits.
- Report to the Headteacher any problems that they feel that they cannot deal with themselves.
- Take responsibility to do what they can to take care of themselves, their colleagues, pupils and visitors. In particular employees should co-operate with the health and safety policy of their employer.

School Health and Safety Representative

The Governing Body and Headteacher recognise the role of Safety Representatives. Safety Representatives will be allowed appropriate paid time off to enable them to fulfil their duties.

We communicate and consult with safety representatives on a regular basis about health and safety matters and offer facilities to enable them to investigate workplace accidents, employee complaints and to carry out periodic health and safety inspections.

General Arrangements to Keep People Safe

1 Risk Assessment

Risk Assessments are a legal requirement mainly under the **Management of Health and Safety at Work Regulations 1999**, although most health and safety legislation requires a risk assessment approach.

All of our Risk Assessments are recorded. We use the Generic Risk Assessment booklets as a starting point but, where there are no generic assessments we carry out our own assessments using the blank assessment form which can be found in the Health Safety and Risk area of 365 Sharepoint). Risks are assessed periodically (usually on an annual basis), following an accident, on the introduction of any new process/equipment and also any change in circumstances.

We share the findings of our risk assessments with all members of staff

Risk assessments are usually kept:

Document	Location
Fire Risk Assessment	Vinci FM / H&S folder MLE
Generic Premises Risk Assessment	H&S Folder MLE
Educational Visits Risk Assessments	Evolve
Hazardous Substances Risk Assessments	Vinci FM / H&S folder MLE
Task / activity based Risk Assessments	Evolve

Shown below are the name(s) of the staff assisting with the assessment process as well as details on when they will be carried out and our updating systems.

The following people assist with the assessment process for their individual area of work:

Name	Area of responsibility
Joanne Howe - Assistant Headteacher	Educational visits Off-site learning
Rebecca Dawson - HLTA L4 Moving & Handling	Moving and Handling
Carolyn Sutcliffe - Headteacher Chris Fogg - Business Manager in liaison with Anthony Hammond / Steve Thornes - Vinci FM	Fire Safety
Chris Fogg - Business Manager in liaison with Anthony Hammond / Steve Thornes - Vinci FM	Premises

NB It is the Headteachers responsibility to ensure that risk assessments are carried out. However the Headteacher may delegate the function or request the assistance of competent staff in carrying out a risk assessment.

2 Fire

An outbreak of fire in a school can be extremely serious. The **Regulatory Reform (Fire Safety) Order 2005** makes it a legal requirement for each building to have an up to date fire risk assessment. Our Fire Risk assessment identifies all sources of heat with the potential to cause fire e.g. gas heaters, Bunsen burners, cookers etc. and it also consider the storage of combustible materials.

When our school requires painting, only paints providing a flame retardant surface will be used in high risk areas (assembly halls, means of escape, staircases, areas where there is an added fire risk etc).

Ongoing monitoring is carried out to ensure that combustible materials (liquids, solids or gases) do not come into contact with sources of heat.

Internal fire doors are kept closed to stop fire spreading. Hydraulic door closers are checked regularly and maintained as necessary to ensure correct operation (damage to these closers is very common in schools).

All documentation relating to fire safety is kept:

4 Asbestos

Asbestos is a naturally occurring mineral that has been used for many years in the construction of buildings and in many products. It was used mainly because of its fire proofing and insulation qualities.

We have got an Asbestos Management survey on site and this has been shared with all members of staff. All staff are aware that as long as the asbestos is in good condition and is not disturbed or damaged there is no risk to individuals. However, if it becomes damaged or disturbed, it can become a danger to health as asbestos fibres can become released into the atmosphere and therefore people can inhale the fibres.

All documentation relating to asbestos is kept:

5. Legionella Risk Management

Legionnaires' disease is a type of pneumonia. It is an uncommon, but serious disease.

People can catch Legionnaires disease by inhaling small droplets of water suspended in the air which contain the Legionella bacterium.

Legionnaires' disease does not spread from person to person.

We have had a full Legionella audit of the school which has been shared with all members of staff. Key members of staff have a role to play in ensuring that the findings of the audit are actioned and making sure that regular monitoring is carried out on site

Document	Location

Steve Thornes	March 2021

6 Accidents

Even in a safety conscious school, accidents may still occur. This is how we deal with them.

All accidents involving staff, pupils or visitors will be recorded and investigated, as appropriate to find out what happened and how any similar incident can be avoided. Copies of accident report forms are sent to the [Health, Safety & Wellbeing Team](#).

RIDDOR report forms	Leadership Hub

The following people have responsibilities for:

Name	Responsible for:
Carolyn Sutcliffe - Headteacher	Recording all accidents to staff / pupils
Carolyn Sutcliffe - Headteacher	Ensuring that accidents are investigated and that major accidents, which are reportable to the Health and Safety Executive (under the RIDDOR regulations), are reported to the Health, Safety & Wellbeing Team immediately
Carolyn Sutcliffe - Headteacher	Ensuring risk assessments are reviewed in light of lessons learned
Carolyn Sutcliffe - Headteacher	Periodically reviewing accident reports to identify trends
Carolyn Sutcliffe - Headteacher	Reporting serious incidents / accidents to Governors

7 First Aid

This school will follow the statutory requirement for first aid equipment and provide suitably trained first aid staff. Where there are young children on site i.e. Nursery's / Breakfast and after school clubs, key members of staff hold an additional paediatric first aid certificate.

NB There is sufficient paediatric first aiders to ensure cover on all off site activities involving young children.

Our school risk assessment identifies the actual number of first aiders required.

(As a rough guide the recommendation is 1 first aider for every 100 people on site. This is usually made up of 2 fully qualified first aiders, with the remainder holding the 1 day emergency first aid certificate)

The following people hold a relevant first aid qualification.

Name	Date of Qualification	Level of qualification i.e. full/ emergency / paediatric
Tricia B	12 th -13 th Feb 2018	Level 3

Healthcare Team	Keeping records of First Aid Qualifications and ensuring these are re validated

Healthcare Team	Ensuring First Aid boxes are checked and restocked on a regular basis
-----------------	---

8 Electricity

Electricity has the potential to cause serious harm, or even death and is treated as a priority with regard to maintenance and repair. The **Electricity at Work Regulations 1989** requires that all electrical systems and appliances are periodically inspected and maintained.

The visual checking, maintenance and repair of portable and transportable electrical equipment is the responsibility of the school.

Fixed installations i.e. sockets, light fittings and general wiring throughout the school will be tested at least every five years by a competent electrician. (This is carried out automatically for those that subscribe to the **T & FM Servicing Package**).

10 Substances

The **Control of Substances Hazardous to Health Regulations** requires an assessment to be made of the work processes that involve the use of substances that are hazardous to health.

At our school we ensure that all substances that fall within the COSHH regulations are kept to a minimum and are stored safely and securely out of reach of children. Hazard data sheets are available for all substances and a documented risk assessment is available for all work processes

11 Educational Visits and Off-site Activities

The school complies with Local Authority guidance on educational visits. Plans for all off site visits are reported to the Governors on a regular basis. Specific approval is given by Governors for all residential visits and visits abroad. We currently use the EVOLVE on line approval system.

We have a named Educational Visits co-ordinator who has received the appropriate Local Authority training and is responsible for:

- ~ Supporting the Headteacher when approving educational visits
- ~ Assessing the competency of leaders and other adults on the visit
- ~ Ensuring that all members of staff receive induction training in the schools process for educational visits

12 Medical Needs

There is no legal obligation requiring school staff to administer medication. However, this school recognises that children with medical needs have the same right of admission to a school setting as other children.

There is a clearly documented policy in place in school for dealing with medication and medical needs of children and this has been communicated to all staff. Some members of staff have received specific training to enable them to administer medication.

13 Curriculum Safety

All teachers are aware of and familiar with the need to carry out risk assessment in their own area of work. They must ensure that they are aware of the risks which might arise from the tools, equipment, materials and processes that they plan for children to use.

All guidance material from CLEAPSS (Consortium of Local Education Authorities for the Provision of Science Services), DATA (Design and Technology Association) and Safe Practice in School Sport & Physical Education will be available for staff.

The Governors and Headteacher have responsibility for making sure that staff are competent and attend training as appropriate

16 Monitor and Review

Measuring health and safety performance is important as we need to know how effectively we are controlling risk in our school. The arrangements that have been put into place will be monitored and reviewed on a regular basis to ensure that they remain effective. Monitoring will include checking that where responsibilities are delegated that individuals clearly understand their roles and responsibilities. Management information (which includes both active and reactive data) will also be considered to improve performance.
